WORK EXPERIENCE

Data Collections Analyst – Potentiam (Pty) Ltd
January 2024 – Present
Using Python and SQL, I write scripts to collect, clean and sort large sets of data. I collaborate with cross-functional teams, including researchers and analysts to support strategic initiatives and business growth.

Junior Software Engineer - MIP Holdings (Pty) Ltd
January 2023 – December 2023
Multithreaded application development for businesses. Relying on OOP principles and following Agile Methodologies. Programming in Progress 4GL. I learnt to work with Jira as part of the software development life cycle.

Admin and Delivery - **A & I Lounge Suites**
2016 – 2022
Part time work for my family-owned furniture business. I dealt with customers and suppliers, collecting and delivering furniture as well as any admin related task required for the business.
